Application Deadline

Application materials for the Energy and Environmental Policy undergraduate major are available in CEEP (Graham Hall 278) and are reviewed on a rolling admissions basis.

Application Process

1. Complete the attached personal information form (see the back of this page).
2. Prepare a 500-word essay expressing your motivation for wanting to major in Energy and Environmental Policy (see the back of this page).
3. Attach a copy of your unofficial transcript.
4. Make sure you sign and date this cover sheet.
5. Submit the completed application packet to the CEEP Office (278 Graham Hall).
6. Schedule an interview with the ENEP Undergraduate Program Director. The program director may waive the interview requirement depending on the quality of your essay and your prior academic work.

Admission Criteria

A faculty committee will review your application based on the following criteria:

- Academic merit (2.0 GPA and above)
- Final grades in ENGL 110, ECON 151, and PHYS 143. You must have received final grades prior to applying for transfer
- Quality of essay and appropriateness of the major to the student’s motivation as stated in the essay
- Interview results

I have read the statement above, and I understand the process of application and admission.
